A Literary Nightmare.

When does Mary Mapes Dodge? When Thomas W. Knox? What did Charles Read? Whatever he saw Mable Osgood Wright? When is it that John Burroughs? When he heard Edward Everett Hale? Why did they call Hall Caine? To make Frances Hodgson Burnett? Who gave Thomas Paine? Hamilton Wright, Mable? What made Winston Churchill? Eating what he saw John Eaton Cooke? What will make Walter A. Weyl? Kof? IZangwill? Why did Charles Darwin? Because he never turned his back to De-foe? Where did Captain Frederick Marryat? At the Ellen Olin Kirk. What made Col Richard H. Savage? Hearing Charles Carlton Coffin. Why was Wagner Hadyn away? Because De Koven had him on his list. What kept Charlotte M. Yonge? Helping Elizabeth Phelps Train. Why do we not laugh at R. D. Blackmore? Because we find James Greenleaf White. What came Samuel Smiles? Because he saw a hen reward Beecher. Why did Miss Mueloch up the stairs? Because she saw Flora Anne Steele. —The Church Woman.

A gentleman riding through one of the pine wastes so common to Middle Georgia some years ago, overtook a young man whose sick of cold, under him on the farm horse he rode, gave evidence that he was bound for the grist mill.

Some conversation between the two developed the fact that the young man was a son of the author of a popular almanac.

The gentleman asked the young man innocently: "And do you ever make calculations upon the weather, like those for which your father is so celebrated?"

"Oh, yes," he replied readily. "And how do your calculations agree with your father's?" inquired the gentleman.

"Very well indeed," replied the young man. "We are never more than one day apart in our reasoning."

"Why, that is wonderful, certainly!" exclaimed the gentleman. "Only one day's difference?"

"Yes," he said, with a twinkle in his eye; "he can always tell the day before when it is going to rain, and I can always tell the day afterward."

GERMAN SYRUP.—We want to impress on our readers that Beech's German Syrup is positively the only preparation on the market to-day that does relieve and cure consumption. It contains the specific, such as pure tar, extracts of gums, etc., which have been so highly endorsed for the cure of cough, cold and consumption by the great medical congresses. The consumptive, whether his disease is in the throat or lungs, must have rest at night, and be free from the spasms of dry and racking cough in the morning. The diseased parts must rest, and soothing treatment, and the patient needs fresh air, good food, and German Syrup will give free and easy expectoration in the morning with speedy and permanent relief. Small bottles, 25 cents; regular size, containing nearly four times as much, 75 cents. At all druggists.

Charles McCormack, superintendent, and Melvin B. Beck, an employee of the Vincennes Mining Company, were killed by the explosion of dynamite in the shaft of a mine near Cripple Creek, Col. Officials of the mining company say the explosion was caused by a stick of dynamite having been placed on guard at the mine.

Thankful for the sunshine
Am thankful for the rain;
Thankful if the troubles
Of the past won't come again;
Thankful for the bitter
That makes us prize the sweet;
Ain't no use of hanging back
From thankfulness complete.
—Washington Star.

Not A Sick Day Since.

"I was taken severely sick with kidney trouble. I tried all sorts of medicines, none of which relieved me. One day I saw an ad. of your Electric Bitters and determined to try. After taking a few doses I felt relieved, and soon thereafter was entirely cured, and have not seen a sick day since. Neighbors of mine have been cured of rheumatism, neuralgia, liver and kidney troubles, and General Debility." This was B. F. Flase, of Fremont, N. C., writes. Only 50c at all druggists.

When a woman is really happy is when she goes up in the attic on a rainy day and cries over a trunkful of old letters.

Household and kitchen furniture sold well.

To The Citizens of Kentucky.

The inauguration of J. C. W. Beckham as governor of Kentucky for the third term will take place at Frankfort, Ky., on Tuesday, Dec. 8, 1903. Committees of citizens of Frankfort have been appointed, and it is the intention of the people of Frankfort to make this day worthy of the occasion, and it is therefore desired that the people of Kentucky shall unite in the ceremonies incident, and this committee on behalf of the people of Frankfort cordially invite every one who can possibly do so, to visit Frankfort on that day and participate, and let us all as lovers of our good old State say: "God speed to him whom the people have selected as their chief executive for the next four years." J. S. DARNELL, Chairman.

A WOMAN'S COMPLEXION.—It is rank foolishness to attempt to remove sallowness or greasiness of the skin by the use of cosmetic "creams," "lotions" as advertised by the "beauty doctors." The only safe and sure way that a woman can improve her complexion is by purifying and enriching the blood, which can only be accomplished by keeping the liver healthy and active. The liver is the seat of disease and blood pollution. German's August Flower acts directly on the liver, cleanses and enriches the blood, purifies the complexion. It also cures constipation, biliousness, nervousness, and induces refreshing sleep. A single bottle of August Flower has been known to cure the most pronounced and distressing cases of dyspepsia and indigestion. New trial size bottle, 25 cents; regular size, 75 cents. At all druggists.

Dr. R. D. Murray, a yellow fever expert at Laredo, Texas, is dead as the result of a runaway accident. Years of his life had been devoted to fighting yellow fever and he was returning from a visit to a fever patient when he met with the fatal accident.

Disastrous Wrecks.

Carelessness is responsible for many a railway wreck and the same carelessness is making human wrecks of sufferers from Throat and Lung troubles. But since the advent of Dr. King's New Discovery for Consumption, Coughs and Colds, even the worst cases can be cured, and hope and restoration is no longer necessary. Mrs. Lois Greig, of Dorchester, Mass., is one of many whose life was saved by Dr. King's New Discovery. This great remedy is guaranteed for all Throat and Lung diseases by all druggists. Price 50c, and \$1. Trial bottles free.

CLIMATIC CURE.—The influence of climatic conditions in the cure of consumption is very much overdrawn. The poor patient, and the rich patient, too, can do much better at home by proper attention to food digestion, and a regular use of German Syrup. Free expectoration in the morning is made certain by German Syrup, so is a good night's rest and the absence of that weakening cough and debilitating night sweat. Restless nights and the exhaustion due to fighting the greatest danger and dread of the consumptive, can be prevented or stopped by taking German Syrup liberally and regularly. Should you be able to go to a warmer climate, you will find that the thousands of consumptive "cures," the few who are benefited and regain strength are those who use German Syrup. Trial bottle 25c; regular size 75c. At all druggists.

A Runaway Bicycle.

Terminated with an egg cut on the leg of J. B. Ormer, Franklin Grove, Ill. It developed a stubborn ulcer unyielding to doctors and remedies for four years. Then Bucklen's Arnica Salve cured it. It is as good for burns, scalds, skin eruptions and piles, etc. at all drug stores.

The price of beef today was as high. And turkey flesh swift and sure. Most everything will soon be high. Except, alas, the temperature.

LANCASTER.

The Thanksgiving services will be held at the Presbyterian church, Thursday morning at 10:30 o'clock. Each church will be represented by its pastor, but Dr. Pierce, of the Methodist church, will deliver the sermon.

Miss Mosher, a national organizer of the W. C. T. U., lectured at the Christian church Sunday evening. She is well known to the people of Lancaster and her entertaining style and attractive personality always ensures her a good audience.

Mr. McCallan Johnston is at home from Livingston where he has been superintending the opening up of some coal mines. He has organized a company under the name of the "New Livingston Coal Co." and it will begin to deliver coal by the first of January.

The people of this community are glad to hear of the success of Mr. Scott Hudson, who is fast making a reputation for his horses. His books show at the close of the season a sum of \$75,750, which he has gained on his horses this year. For the past five years he has always had one horse which has brought him \$17,000 each year. Mr. Hudson is known far and wide and has legion of friends in this section.

The Thanksgiving season promises to be unusually delightful. Several receptions and parties and the usual number of dinners are all on the social calendar. Misses Thero Humphill and Misses Emma Hammon, College, Martha and Helen Gill will return from Glendale, Mattie Mae Robinson, from Madison Institute, Mary Arnold and Lillie V. West, from Jessamine Institute and Lora Belle Minor from Campbell-Hagerman. The church last Sunday ratified the action of the board by a hearty, unanimous vote. Mr. Hagin will probably accept the call and remain here another year.

The table of the vote cast Nov. 3 shows that Leslie has fewer democratic votes than any other county in the State, while Jefferson county, of course, has the largest number. Leslie's democratic vote, as given, is 100, and Jefferson's 24,690. Gallatin gets first place for the smallest number of republicans—394—and Jefferson, with 19,213 for the largest. Number of votes considered, Owen county has the largest democratic majority, 1,928, while Hart county, which went democratic 1 vote, has the smallest. Whitley is the basest republic county in the State, its majority being 2,871. Only 1,211 votes were cast for the two parties in Gallatin county, while in Jefferson the total number was 43,969.

The Advocate committee Mr. Robert G. Evans, of Danville, for State Senator. Mr. Evans is a fine gentleman and would make a splendid Senator, but we have no idea that he would accept the nomination if it were tendered him in fact he couldn't afford to do it. Better save him to succeed Senator McCleary, Brer. Menefee, and get down to work good and strong for Lincoln's pair of candidates, Messrs. R. L. Hubble and M. F. Ziegle.

This is a sample of the way business is done in Indiana, where governor has made such an undesirable reputation as an assassin sympathizer and harbinger. As the paymaster of the Pennsylvania railroad was coming out of a bank at Logansport, Ind., an officer seized his valise containing \$41,000 and took it to the courthouse where nearly \$20,000 was counted out to satisfy two judgments against the railroad company.

There is a man employed in the office of the auditor for the postoffice department, at Washington, who has been in the government service in that particular department continuously for 60 years. His name is Richard White, and we'll wager a year's subscription to the republicans. A democrat would have become incompetent in all those years.

SCHMUTZ, the Socialist-Labor candidate for governor, got only about 600 votes in the recent election. A party whose nominee can't scrape up a better following in this great State should not be given space on the ballot.

MORRIS SHEPPARD, of the First-Ten district, is the youngest man in Congress. He is only 28. He succeeded his father and was private secretary for him while he served in the House.

It cost Carrie Nation a \$25-fine, to make a speech from the Senate gallery at Washington, but she soon sold enough of her little hatchets to pay the bill.

POLITICAL.

The Cuban reciprocity bill, passed by the House, was presented to the Senate.

Patrick A. Collins was again nominated by the Democrats for Mayor of Boston.

Samuel Gompers was re-elected president of the American Federation of Labor by a large plurality.

The democratic Senatorial caucus has decided to consider the Cuban bill on its merits. This is taken to mean that no tariff amendments will be offered. They believe they can reach the tariff issue in some other way. In the House of Representatives there are 236 lawyers, 63 business men and 17 farmers. In the Senate there are 61 lawyers, 18 business men and three farmers. There are 21 foreign born members of Congress.

"Gum Shoe" Hunter got the certificate, but Edwards will contest. According to the official returns from the Congressional race in the 11th district, Hunter has a majority over Edwards of 107 votes.

Senator Blackburn has introduced a bill providing that the secretary of the treasury be authorized to settle in full the claim of Queen Lillibulalan against the government.

Adj. Gen. Murray has issued an order directing that 1,200 members of the State Guard participate in the inaugural ceremonies, December 5. The order includes the second and third regiments and the Louisville batteries.

The question of removing Morgan from the chairmanship of the Inter-oceanic Canal Committee is causing the republicans Stealing Committee considerable worry. Some republicans argue that it will be a party mistake to remove the Alabama Senator.

Now that the election is over and done with Secretary Snaw and J. W. Yerkes may find time to say in Washington and attend to the affairs of their departments for which duties the "great common people" pay them enormously.—Somerset Journal.

The total official vote of the State is: Republican, 229,015; Balknap, 202,741; Prohibitionist, 4,800; Socialist, 2,039; Socialist-Labor, 608; Thomas Z. Morrow, 1; John Baerlein, 1. A vote for Morrow was cast in Wayne county, and that for Baerlein in Henderson. Gov. Beckham's majority over Balknap is 28,269.

Capt. Ed Parker, of London, who is in Washington City for a short stay before going to Washington State for the winter, declares that Dr. W. Godfrey Hunter was fairly elected to Congress by the 11th district, and says that he will be seated by the House "whether Edwards or Hunter is given the certificate."

The House passed the Cuban Reciprocity Treaty Bill by a raling vote of 335 to 21. The minority, which was about equally divided between the democrats and republicans, was too small to order the yeas and nays. Mr. Williams was overruled on a motion to send the bill back to the Ways and Means committee with instructions to amend. The chair was sustained on appeal by a strict party vote.

For Holiday Bargains

As the explorer in the arctic circle watches for the rising sun, for just as the sun brings light and warmth into dark and chilly regions, so will my Holiday Fruits and Candies, etc., bring joy to many little hearts, who come here and purchase. While the quality of Groceries will bring peace and pleasure to everybody who favors me with patronage, and gratify every man who pays the bill, don't go to places on the roof of High Prices, but follow this guiding light and buy here where everything is Fresh, Pure and Clean.

Invest In Paint.

Paint on your buildings adds 10 per cent. to your property's selling value. Interior painting gives an air of prosperity and comfort. Good paint is always worth more than its cost, and the best paints these days go farther and last longer than ever before.

Mastic Mixed Paint

Is the paint to use. In applying it you will learn that it covers more surface than other paints, but you must wait about five years to fully appreciate its QUALITY.

DANVILLE suffered a disastrous fire Saturday morning which started in Rhea Heng's livery stable. 29 horses were burned to a crisp and the building was destroyed. A Coulter's store burned, as did the Kentucky Supply Co's ware house. Veach's shoe shop, Hawkins' shooting gallery, Adair's harness store, Harigan & Griffin's shoe shop, Freeman & Co's ware house, etc. The loss is estimated at \$25,000, with only \$3,000 insurance. Weisbrod, who owned the stable building, has the heaviest losses, that amounting to \$10,000. The Kentucky Supply Co., of which Mr. H. C. Bright, formerly of this place, is president, lost about \$3,500.
TO HYDEN - Jailer W. L. Herrin and Ed. Lawson left on the early morning train Sunday for Hyden, Leslie county, with Jack Asher, the "bad man from Bell," who has been here for a long time. The grand jury recently indicted Asher for murdering Robert Davis in that county. He is from Bell county and killed a deputy sheriff named Stewart near Pineville a month ago. Besides killing Davis and Stewart it is claimed that Asher has five other killings to his credit, or rather credit. Mr. Messrs. Herrin and Lawson drove from London to Hyden, a distance of some 50 miles, over a very bad road. The trip was rather a hazardous one, but the gentlemen who undertook it will prove soon to the occasion, we believe.

"I HAVE fully decided to make the race for State Senator and I will get you to make my announcement in due time," said Mr. R. L. Hubble to us at Lancaster yesterday.

THE music class of the Graded School, assisted by local talent, will give an entertainment in the Assembly Hall of the school building Thanksgiving evening at 8 o'clock. The proceeds will be used to pay for the furnishings of the music room. Admission 25 cents. Children under 12, 10 cents.

THE "Bally Day" exercises at the Christian church Sunday evening were thoroughly interesting and enjoyable and the little tots and others who took part are deserving of much congratulation, as were the ladies and gentlemen who had charge of the entertainment. The songs, recitals, duets and choir, congregation and quartette singing were all good, but the latter is deserving of especial praise. A collection was taken up by little girls, who secured \$17.54, which will go to Home Missions.

KELLEY - The remains of Mrs. Nancy Campbell Kelley, who died at Willow Springs, Mo., were brought here and interred in Buffalo Cemetery at 1 o'clock Sunday, after services at the grave by Eld. Joseph Ballou. Mrs. Kelley was the widow of Mr. Higgins Kelley and lived in this county until some years ago. Her first husband was Mr. John A. Campbell, however, and three sons by that marriage survive. Judge W. P. Campbell, at whose home she died, with his wife, accompanied the remains and Elder F. J. Campbell, of the Somerset Sanctuary, another son, met them here. The latter had not seen his mother for many years, but the separation had not in the least diminished his affection for her and his grief was great. Eld. Ballou's remarks at the grave were brief but appropriate and were indeed a balm to the bleeding hearts.
